October 2007 Snow News & Minutes

President's Corner

On **October 13, 2006 at the Club Storage Building at 10:00 am** by Ron Tanks Lee Lake storage buildings, is our very first meeting of the year. It is exciting to think that the sport we all love is just around the corner. For me summer went to fast but the good news is snowmobiler's like you and me always look forward to the next season. **We just need to think snow.** We have had a very dry summer and are way over due for a good snow year. This could be the best season ever, but we have to prepare.

Already this year Joyce Sukowski has been confirming ads for the new Oconto County Snowmobile Map. Tom Stadler is in the process of confirming that all the trails on the new map are accurate. I have already signed and received back the State Funding Contracts from Oconto County. And our Treasurer Debbie Baumberger has been busy setting up new accounts to make the job more efficient. Mike Lambert this summer worked on the new Membership Envelope and it really looks great, good job. So as you can see we are already off to a fast start.

But there is still much that has to be done to get the trails ready for the 07/08 season. We started a project in June erecting a new Welcome sign to our trail system at Kelly Lake, and thanks to Andy Baker the Chairmen of this project and the members who erected it, it really looks great. This fall we have 3 additional signs to erect. Then there is contacting the landowners for permission to cross their land. Did you know we have 76 landowners every year that we contact and also buy them

insurance to make our trail system available to all snowmobilers, and let us not forget the brushing and marking of trails.

Our October meeting is the kick off to the season where the planning and preparation is done, in addition work on the trails. Your help is needed to be part of the planning process. Please try to attend and support your club.

Thanks,

Roy Lawrenz
President

07'/08' Membership Drive

With the new season comes the membership drive for the 07'/08' season. Membership is very important to the foundation of our club. Over the past 4 years we have maintained our membership over 100 family memberships which is great and above the state average. But this is a new year and to keep the club vibrant and alive it requires members like you. Please fill out the membership application and send it back today. **Your membership is important to the continued success of our club.**

Also consider asking a friend to become a new member. New members bring enthusiasm and ideas that make our club better. For your club secretary it makes their job a lot easier. We don't have to continue track who did and who did not renew their membership and it cuts down on the cost of sending additional membership applications to those members who did not renew.

Thanks in advance for signing up today.
